### Experience & Projects

July 2020 | Remote

#### **Open Source Contributor** *Slate – The Gateway to Filecoin*

Took on issues outlined in GitHub to create dynamic graphical representations of sample data to be used in Slate's User Interface. Created a reusable React component using Emotion JS for styling.

Helped design and program marketing webpages using React and Emotion JS.

Worked with a team of 16 other contributors and 4 contract employees in Open Source to deliver a cohesive product.

July 2020 – Present | Remote

#### **Contract Frontend Developer** *Lee & Wrangler Brands*

Work hand in hand with the Digital Commerce team to create web pages using HTML, CSS, JavaScript, and Bootstrap in accordance to mockups.

Advise team on best practices for accessibility and design on the web.

Provide opinions on page performance and how designs may impact performance.

Work on a variety of projects simultaneously and ensure deadlines are met.

December 2019 – March 2020 | Raleigh, NC

#### **IT Sales Consultant** *CEI The Digital Office*

Increased base database from 100 to over 1,000 targeted accounts.

Drove sales and increased selling situations across separate teams.

Identify and properly qualify potential prospects and customers.

Listen and understand customer needs and requirements with high priority on customer satisfaction

January 2019 – September 2019 | Seattle, WA

#### **Field Sales Manager** *Pacific Office Automation*

Promoted to Sales Manager in less than 1 year.

Maintained account manager responsibilities.

Created training exercises for daily development of team.

Provided "bull pen" leadership to other teams.

February 2017 – December 2018 | Seattle, WA

**Account Manager** *Pacific Office Automation*

Developed a territory in a start-up branch within a mature market.  
Maintained annual quota and budget with no ramp up or grace period.  
Maintained 100% client retention.  
Qualified for Summer Sales trip in 2018.

February 2014 – July 2017 | Greensboro, NC

**Account Manager** *Systel Business Equipment*

Territory management by prospecting lead generation, referrals, appointments scheduling and demonstrations.  
Maintain an active knowledge of new and emerging technologies and trends.
